E-mail: killiandebacker@gmail.com

Hard-working Programming major (3.55 GPA) attending Dakota State University. Aiming to find an internship to improve my programming skills and gain experience in the industry.

Programming Projects

Goal-Tracker React Website

React, JavaScript, C#, ASP.NET, SQL with SQL Server

- Built a website to track a user's goals and plans.

- Implemented multiple pages and views without the need to reload the page.

- Implemented a RESTful API for Registration/Login and to create, maintain, complete, and delete goals.

- Find more information and the source code on my GitHub. Live Preview: https://goal-tracker.killiandebacker.com/

Discord-Bot

C#, .NET,

- Build a Discord-Bot that given a command will respond with information.

- Implemented command such as help, info, define, defineall and birthday.

- Find more information and the source code on my GitHub.

Portfolio Website

HTML, CSS, JavaScript, jQuery,

- Built a portfolio website to show off projects and skills.

- Find more information and the source code on my GitHub. Live Preview: https://killiandebacker.com/

PyMusic

Python, PyQT

- Built a desktop MP3 player to manage and play music.

- A work in progress.

- Find more information and the source code on my GitHub.

Education
